

Zivoe Labs Ltd.

Global Contact and Electronic Records Consent

1 October 2026

Purpose. This consent is designed to support a single affirmative acceptance for necessary relationship communications, electronic delivery of records, and electronic signatures or acknowledgments across jurisdictions, to the extent permitted by applicable law. It does not constitute consent to receive optional marketing, promotional email, promotional calls, or promotional text messages.

Electronic communications and records. By checking the box below, you consent to receive and access electronically, including by email, secure portal, account notice, downloadable file, or other electronic means made available by Zivoe, communications and records relating to your account, eligibility, identity or compliance review, transactions, investments or financing relationship, including offering or transaction documents, agreements, amendments, confirmations, statements, valuation and NAV information, funding and repayment notices, redemption notices, tax documents where electronic delivery is lawful, security notices, legal or regulatory notices, and other records that may be required to be provided to you in writing.

Electronic signatures and acknowledgments. You agree that your electronic signature, checkbox acceptance, authenticated account action, or other affirmative electronic action may have the same legal effect as a handwritten signature or written acknowledgment to the extent permitted by applicable law. Zivoe may retain electronic records of your acceptance, including the text presented, document version, date and time, account or user identifier, authentication information, IP or device information, and related audit evidence.

Necessary relationship contact. You agree that Zivoe may use the verified email address, telephone number, account interface, or other contact information you provide for requested responses and necessary account, security, eligibility, transaction, servicing, compliance, NAV, redemption, legal, tax, and regulatory communications, as permitted by law. These communications are not optional marketing.

Technology requirements. You confirm that you have access to a working email account, internet access, a current web browser, and software or device functionality capable of opening, viewing, saving, and printing or otherwise retaining PDF, HTML, or comparable electronic records. By checking the box below, you also confirm that you can access and retain the electronic record presented with this consent.

Paper copies, contact updates, and withdrawal. Where required by applicable law, you may request a paper copy of an eligible record, update your contact information, or withdraw your consent to future electronic delivery by contacting inquire@zivoe.com or legal@zivoe.com, or by post to Zivoe Labs Ltd., Trinity Chambers, PO Box 4301, Road Town, Tortola, British Virgin Islands. Withdrawal will apply prospectively, will not affect the validity of records or signatures already provided electronically, and will not by itself cancel an existing investment, transaction, or other agreement. If electronic delivery is required to use a particular service or platform feature, withdrawal may require an alternative delivery arrangement or may limit future electronic activity to the extent permitted by law.

Changes to technology or delivery. If a material change to the hardware, software, or delivery method creates a material risk that you will no longer be able to access or retain electronic records, Zivoe will provide any additional notice and obtain renewed consent required by applicable law.

Jurisdictional requirements. This consent applies only to the extent electronic delivery and electronic signatures are legally permitted for the relevant record and jurisdiction. Zivoe may provide a record on paper, obtain an additional form of consent, or use another legally required method where applicable law requires it.

☐ I CONSENT TO ELECTRONIC RECORDS, ELECTRONIC DELIVERY, AND ELECTRONIC SIGNATURES.

I have read this consent; I can access and retain the electronic record presented to me; I consent to receive the categories of necessary communications and records described above electronically; I agree to the use of electronic signatures, checkbox acceptances, and other authenticated electronic actions as described above; and I understand how to request paper, update my contact information, or withdraw future electronic-delivery consent where applicable.
